

UC San Diego Computer Lab Access

The Cinematic Arts and Film Studies program does not provide individual software licenses for use on personal devices; however, students have free access to industry-standard software through on-campus facilities. These resources are equipped to support coursework and creative projects. For those who prefer to work on personal devices, [Adobe Creative Cloud offers a discount for UC San Diego students](#). Other student discounts may be available directly from the providers.

The Media Lab has editing suites that are available to book for students in a media production class, but any student registered with the Media Teaching Lab may use them on a walk-in basis:

 - Saturday-Sunday: 7:00 a.m. to 5:00 p.m.

The following computer labs with Adobe Creative Cloud require a code and are available to students if they have a class scheduled in them that quarter. **These labs are available when classes are not in session. The schedule for classes is posted on the door each quarter, so be sure to check.** Students with a class scheduled in these rooms may find their access code at sal.ucsd.edu or can ask their instructor for an access code:

- Visual Arts Facility 228
- Mandeville B-206
